

# WHAT TO EXPECT

## FINE ARTIST PROGRAM

Each young artist will grow in their artistic ability, while also learning the power of what they bring to the world around them!

### Weekly Lessons

Every time your child comes to class, they will learn a new artist technique. We will break these advanced techniques into weekly lessons to help your young artist grow in their creativity. They will apply what they learn each week by creating small works on canvas paper. Our artists will also look deeper into how and why they create, and how it can change the world!

### Final Project

As the end of the school year approaches, your child will begin their final project. This 16x20 painting will combine all of the techniques they have learned throughout the year.

### Recital Art Show

At this end of the year art show, your child will have an opportunity to display their favorite creation for friends and family to see!
